5phaZic™

healing system

“An effective healing system begins with a model. The 5phaZic model.”

- Frank A. Charles, ND

What Is The 5phaZic healing system?

The 5phaZic healing system is a simple yet powerful extension of a health model as taught and utilized by Frank A. Charles, ND. This 5phaZic model is based upon unchangeable health principles as contained and expressed in natural physical laws.

The 5phaZic model was born when Frank A. Charles, ND synthesized and evolved a foundational model for teaching and guiding clients in his years of practice as a Naturopath in Minneapolis, MN, Asheville, NC and Greenville, SC.

Its purpose was to provide a road map to help patients clarify, evaluate, and select products and technologies across a field of diverse 5phaZic therapies in the field of natural healing.

The 5phazic and Health Practitioners

Dr. Charles' further experience using the 5phaZic with physicians has come as VP of Research and Physician Support Services for Anova Health Inc. Today the 5phaZic provides a framework to explore, expand or simply sharpen current clinical tools while delivering improved outcomes. The 5phaZic grid map framework allows us and client practitioners to get a vision and understanding of what they are currently doing and where new potential technologies could lead.

Anova assists physicians to discover missing and potential dynamic technology pieces within their unique practice focus. If an important missing piece fits we can assist clinics in the integration of that piece, yielding improved patient protocol designs and ultimately outcomes.

Anova Health Distribution

Anova Health is a 5phaZic training, fulfillment and distribution center. It also supplies 5 phaZic training and product technologies covering 33 product lines and 7,000 products. Anova can help your practice to discover and integrate missing pieces across all 5phaZic healing system technology classifications.
